

Sixth Form (A Levels)

A Levels are a great choice if you're thinking of moving on to university or an Apprenticeship after college.

Whatever your interests or future career aspirations, we have a number of A Levels (and Level 3 equivalents) for you to choose from. With traditional subjects such as English and maths to subjects

that you may not find at school, such as philosophy and criminology, there is something for everyone. As an A Level student you'll study three subjects in our dedicated Sixth Form centre which is situated in the former Chesterfield Grammar School building on Sheffield Road (part of our main campus).

Did you know?

The Sixth Form team supported 94% of students to secure their first-choice at university.

Philosophy

Physics

Politics

Psychology

Science

Sociology

Ewan decided to move here instead of progressing with school as he wanted to experience more freedom and independence. He wanted something that fitted around his part-time work and our courses allowed him to be flexible around his personal commitments.

Progression

After completing your A Levels, you can choose from a wide range of options, including:

- University-level study at college
- An Apprenticeship
- Leaving to study at another university
- Employment

Apprenticeships Available

Earn while you learn and gain industry experience.

"Being the first in my family to study A Levels felt daunting at first, but the support from my tutors gave me the confidence to believe in myself and aim higher. Their encouragement has helped me progress further than I ever thought possible."

Chantelle Straker - Sixth Form

Can progress to Higher Education Courses

A fantastic way to stay local and earn a degree at Chesterfield College.
