Art and Design

As an art and design student you'll have the opportunity to let your creative flair run wild.

We'll support and encourage you to try different mediums and techniques to allow you to work out which creative pathway is for you.

Will it be graphic design, illustration, ceramics, fine art, fashion or something else that you see your future in?

We'll give you the chance to work in a range of ways and with a variety of media and then specialise in what you connect with.

Across all courses we undertake a variety of industry-related projects,

working with businesses and charity partners. Workshops, trips and visits are designed to further inspire your creativity and explore career and higher education opportunities.

Why not follow us on Instagram to see what we're up to?

@artanddesignchesterfield

Did you know?

During 'Creative Industries week' the area plays host to a range of practicing artists from a variety of disciplines delivering talks and workshops designed to inspire and inform future career pathways.
